Subject: Request for Investigation of Water Sources - Puerto Rico Community Letter
Attachments: PR Comm Ltr to EPA 6.13.22 AES Coal Ash.pdf

Dear Dr. Waterhouse,

On behalf of several community groups in Puerto Rico and Earthjustice, please find attached a letter requesting EPA to investigate the extent of contamination of water sources in Puerto Rico due to AES' coal ash waste.

We appreciate your attention to this and look forward to our meeting on Thursday.

Best,

CHRISTINE SANTILLANA (she/her/hers)

Legislative Counsel
